## SELECTMEN'S REPORT

The Selectmen this year have carried out the duties of the office the same as has always been done in the past, by providing to all the Town the type of service the people call for and of course, must be paid for by taxation.

The only new town equipment purchased this year was a Case tractor from the Otter Valley Garage, Pittsford, Vt. for \$3,975.00. An allowance of \$600.00 was given for the old tractor, making the net cost \$3,375.00.

It is indeed an interesting experience to have a hand in the welfare needs of our people. Every known case of distress has been investigated and aided. Money grants from the government and state, together with direct town aid total \$15,240.11.

Approximately 14,000 pounds of U S D A donated surplus food commodities have been distributed this year to approved Proctor families. Also, generous charitable assistance was given by kind and thoughtful Proctor people.

The income derived this year from taxes together with the state and government grants has not been enough to pay for the kind of service the public demands.

The town help are busy doing a good job on their various kinds of work, including keeping the highways open both day and night for the traveling public. One of our most pleasant duties is to pay tribute to one of these men, Nicola Corridi, now 77 years old, who began working for the town in 1952 and has not missed a single work day since. Nick, you have an excellent record and we hope you will continue for a long time to come, your good work of helping to keep clean and tidy the roads and sidewalks in our nice little town.

The Selectmen meet every Thursday at 7:00 P.M. and our citizens are welcome to bring before us any matter which will be a benefit to all the Town. Also, give us your opinion how to finance your suggestions.

We wish to take this opportunity of expressing our sincere appreciation to the other town officers, the town people and the State and County officers who have assisted us in many ways during the past year.

JOSEPH F. SHERLOCK, Chairman  
FRANK J. OLNEY,  
WARREN A. McCULLOUGH,  
Selectmen.

## REPORT OF RIVERSIDE CEMETERY COMMISSIONERS

A meeting of the Commissioners was called by the Selectmen to review certain conditions at the Cemetery.

It was agreed that a new survey should be made to record and define various lots and the general lay-out that were in question. This survey has been made and Mr. Lendway has new sectional drawings covering a large area on the west side.

The following rates are to be charged for lots in this area:

Graves	Size	Cost	Perpetual Care	Total
1	3'4" x 8'0"	\$40.00	\$50.00	\$90.00
2	6'8" x 8'0"	75.00	100.00	175.00
3	10'0" x 8'0"	100.00	150.00	250.00
4	6'8" x 16'0"	140.00	200.00	340.00
6	10'0" x 16'0"	200.00	300.00	500.00

Opening graves \$25.00 each, plus \$10.00 if ground is frozen.

The Commissioners recommend an appropriation of \$250.00 for care and maintenance of grounds and trees.

Income from the sale of lots is still to be added to the Perpetual Care and Endowment Fund. The expense of this new survey will be taken from this fund.

Account on hand, December 31, 1959:

## AUDITORS' REPORT

We have verified the existence of stated cash balances, examined the accounts and records of town officers and the Treasurer of the Proctor Free Library, and to the best of our knowledge, the statements and reports of receipts and disbursements as of December 31, 1959 are correct.

## HEALTH OFFICER'S REPORT

1959

It is a pleasure to report that the year 1959 passed by without any serious outbreak of disease. In fact there were fewer cases of reportable diseases than in 1958. This may be due to the fact that there are fewer susceptible individuals or that they were in a downswing in the cycle of communicable diseases. In either case we were fortunate.

Beginning with the last month of 1959 there has been an increasing number of upper respiratory infections. Unlike those of previous years—many have been prone to develop pneumonia and did necessitate hospitalization. The disease appears to attack adults as well as children. At the time of this report there is no abatement in the number of cases seen—nor in the severity of symptoms noted. Fortunately except for the prolonged convalescence, the mortality has been zero.

In regards to the water situation, it has greatly improved. Out of 67 samples sent to the state laboratory, only one was returned showing signs of contamination. I am sure that the improvement shown by that department is in a great measure due to the efforts of John Lendway.

The appended report breaks down the various services offered by the State Health Department. Although we are not desirous of being cared for by the state or federal government, it is comforting to know that help is available if desired.

Respectfully,

HENRY J. FREGOSI, M.D.,  
Health Officer.

## 1959 REPORT OF THE VERMONT DEPARTMENT OF HEALTH

The health of the town of Proctor is the concern of its citizens, its doctors, health officer, selectmen and the State Department of Health.

Through its various programs the State Department of Health staff works with and for local people on community health, operating on both local and state levels. This letter is a report of the State Health Department services and programs your town used.

With the aim of keeping children well and helping handicapped children, well-child and school conferences were attended by 140 children. Nutrition and dietary consultations numbered 3\*. At the request of attending doctors 0\* children received pediatric consultations, 0\* received hospital diagnosis, 4 with orthopedic, cardiac, plastic or neurological conditions received services or appliances through clinics for handicapped children and 1\* were given financial aid toward hospitalization costs. Mental retardation clinic services were extended to 0\* children.

In the effort to control communicable disease 10 persons received chest X-rays; 213 children received immunizations, including boosters, against diphtheria, whooping cough and/or tetanus. Polio immunizations, including boosters, were given 97 children and adults. The State Laboratory performed tests on 67 water samples, 0 food and dairy products, 82 blood specimens and 7 other specimens. Vaccines, antitoxins and biologicals were distributed for protection against communicable diseases.

There were 12 sanitary inspections or consultations made at the town's food and lodging places and 20 concerning water supply, sewage disposal, public buildings and other problems, to protect health through improved town sanitation. Services to maintain and improve adult health in industry included 0 chest X-rays and inspections and consultations at plants. In connection with the state licensing programs and the Hill-Burton federal aid program for hospital and medical facility construction

there were 1 inspections—consultations to hospitals, nursing homes and homes for the aged.

Mental health services, through guidance clinics, educational meetings or consultations, were received by 0\* persons and groups.

Individual interviews with the psychiatrist, psychologist or psychiatric social worker were given 4\*. Under the community mental health program to develop local projects for prevention, treatment or education in mental health, financial assistance and staff consultations are available.

To promote better dental health, consultations and services were provided 0 groups or individuals on town or school dental health problems.

In cancer work 1 received diagnosis and treatment at tumor clinics, or were financially helped with hospitalization costs.

All programs in the department offer educational services. Pamphlets, films, a news release and information service and speakers are available. A health educator is available to help town groups study their health problems and plan educational programs.

The Public Health nurse, with headquarters in Rutland City, served at well-child and school conferences, X-ray and immunization clinics, assisted by local people. She visited homes, doctors and agencies, making 146 visits on behalf of 40 persons and community health activities. Her service is an essential element in the department's program for health promotion, disease prevention, diagnosis, treatment and education.

Respectfully submitted,

R. B. AIKEN, M.D., M.P.H.,

Commissioner of Health.

## VERMONT DEPARTMENT OF SOCIAL WELFARE

### MONTPELIER, VERMONT

This is the twenty-fourth annual report which has been made to the citizens of Proctor regarding State payments in your municipality of various types of assistance and welfare during 1959. The support and cooperation of town officers and people generally over this period is gratefully acknowledged.

Old Age Assistance	\$5,621.00
Aid to the Blind	276.00
*Aid to Dependent Children	1,420.00
Aid to the Disabled	949.00
†Committed Children	425.65
Total	<hr/> \$8,691.65

JOHN J. WACKERMAN,  
Commissioner.

*\*One-eighth paid by the town or city unless family is non-settled.*  
*†One-half paid by the town or city unless family is non-settled.*

## FIRE WARDEN REPORT

During 1959 your fire warden issued four burning permits, spent a total of seventeen hours and travelled fifty-seven miles investigating reports of fires. The town had one bad forest fire which burned 20 to 25 acres of pine and hardwood. This fire started north of Beaver Pond along the Clarendon & Pittsford Railroad line. The fire was checked near the top of West Mountain and cost the town \$940.74 to extinguish. A lot of credit is due the Proctor Fire Department and a good job was done by the Pittsford Department.

Burning can be done at any time without a permit in the Village limits, as long as you have a good incinerator covered with  $\frac{1}{2}$ " wire mesh placed in the center of a cleared space at least 12 feet in diameter.

Anyone wishing to purchase a pack pump for their own use can do so through the Warden at \$16.50 for galvanized and \$28.70 for brass ones. This price is 2/3 of retail.

JOHN LENDWAY,  
Town Fire Warden.
